FOR IMMEDIATE RELEASE

**“N.J.W. Construction Inc.” Receives Consumer Excellence” (ACE)
Award
Presented by NARI**

COLUMBUS (December 12, 2008) – N.J.W. Construction has been recognized as a recipient of the 2008 **NARI ACE Award**. The ACE Award is presented by the National Association of the Remodeling Industry (NARI) of Central Ohio. The **ACE** (Achievement in Consumer Excellence) **Award**, a consumer rated awards program honors NARI members that provide exemplary products and/or service. The award recognizes professionals in the remodeling industry and vendors that receive an high overall rating on four criteria as judged by consumers who have actually used their products and/or services. Unlike some other rating services, consumers do not pay a subscription fee to submit a rating or receive a referral.

“The **NARI ACE Award** provides consumers a valuable tool to help them begin and complete successful remodeling projects, and that tool is the knowledge that they are selecting a professional remodeling contractor or product supplier that they can count on to do the quality work they desire.

This consumer rated program provides additional assurance that consumers can count on quality, professional services. The program also provides a no cost mechanism for consumers to provide feedback on work performed for them by NARI members. Our goal is to expand our membership base to encompass all industry partners that share our professional values and code of ethics,” states Shari Bates, Executive Director of NARI of Central Ohio.

Consumers have rated all **ACE Award** recipients on four criteria: 1. Quality of Work 2. Professionalism 3. Reliability and 4. Timeliness. In order to receive the **NARI ACE Award**, the company must be a member of NARI and must receive an average grade of 3.5 or better based on the alphabetic scores submitted by consumers.

N.J.W. Construction is proud to have received this recognition. We are an award winning design/build Construction Company with extensive experience in custom new builds, renovations, and remodels. We take the guess work out of any remodeling project with the use of our design team by providing to clients a 3-D computerized rendering of the finished product before the work begins; giving them a better idea of what the completed project will look like. From the first consultation to the final walk-thru our Project Managers and Design Team are with the client every step of the way,
